

The purpose of the JOBST Research Award of the Advancement of Phlebology is to stimulate research in the expanding specialty of phlebology. Through this award, we aim to fund projects directed at wound healing (value of compression), edema/lymphedema management, venous hemodynamics with compression, comparative studies with various sclerosants, ambulatory phlebectomy, venous surgery and vascular malformations.

The Jobst Award Recipient will receive a total of \$15,000.00 (\$2,400 per month for June-October, plus a \$3,000 stipend for presentation at the November Annual Congress)

**OTHER INFORMATION REQUIRED WITH APPLICATION**

Submit this form with a word or pdf document with explanations for the following items;

2. Title of Research Project:

For Office Use Only:

- Contact Information
- Title of Project
- ? To be addressed
- Description of Experience
- Description of Materials
- Cost or Budget
- Agreement/Attestation

3. Specific Research Question to be addressed:

For Office Use Only

Received	Receipt Sent to App.	Sent For Review	Result of Review	Final Letter to App.

*(You may use additional or separate paper(s) to complete descriptions for #4–7.)*

4. Describe any previous research experience and/or publications:

5. Describe the materials and methods you will use in this project:

6. Provide the anticipated cost for the entire project with comments and explanations:

7. Provide the anticipated duration of the study with comments and explanations:

By checking this box agree to the terms of the BSN Jobst Award and attest to the information provided in and with this application. If awarded, I will be available to attend and present my research at the next Annual Congress. (November 5 - 8, 2009 in Palm Desert, CA) If awarded, I also agree to publish my research results in the Phlebology Magazine.
